

Essentials Lockers

Specification

BISLEY

Our Essentials locker range allows you to take the complexity out of specifying your personal storage needs. You can choose from a range of colours, heights and widths – so you get the best configuration for your working environment.

Personal storage lockers are available for front-of-house applications, all with an individual lock and barrel keys for security. Name slot holders come as standard.

Essentials lockers are an affordable, high quality storage option to suit your needs.
