

MOVING STOOL

The Moving Stool is the perfect addition to a modular and multifunctional office. Made from recyclable formfleece, the surprisingly stable and lightweight stool has a generously proportioned and comfortable seat moulded into the top. The conic shape allows a practical stacking of the stool, thus making it another useful mobile working tool in an agile environment. Turned on its upside, the stool also doubles as a practical container. The handhold cutout on the side of the stool allows for easy pick up and portability of the Moving Stool. Dimensioned to fit also stacked into the storage space inbetween the Moving Wall, the Moving Stool comes in a stone grey or anthracite colour.
