Bisley is a UK manufacturer of a wide range of steel storage products predominantly for the business workplace, with ranges designed for those working from home for both the UK and international markets. Bisley also manufactures industrial storage products designed for use in heavy engineering environments for both commercial and private sectors.

Our Philosophy

The Bisley philosophy is to continuously re-invest in major capital projects with the objective of providing manufacturing excellence. In the past 20 years, Bisley has invested over £80m. The production and distribution facilities, totalling 52,000m², deliver a combined output of 15,000 finished steel storage cabinets per week.

Bisley employs the most advanced manufacturing processes from in-house tool-making and computer aided design (CAD) through to precision folding, robotic welding, CNC drilling, and laser cutting and automated plants for powder paint application.
