# Be

In an age of mobile working, a personal space that's safe and secure creates a sense of belonging. Be lockers are the perfect solution for the agile workplace.

The customizable design options can support your brand, personality and approach to work. The lockable lockers also have the option of including power, perfect for employees to charge their tech whilst they work.

Be lodges make an attractive addition to any vibrant, design led work space and can also be used for division, zone creation and way-finding.

---

# MySpace

MySpace lockers are the perfect personal storage solution for any office environment. They are available in a range of sizes that fit perfectly together to create banks of lockers or combine them with other products within the MySpace range.

Flexible and stylish, they can be used to define spaces as well as act as visual or traffic barriers. Additional options such as power, sound dampening doors, personal drawers and business card holders make this a very versatile product offer. Finally, an extensive paint and laminate palette allows for personalisation and co-ordination with the rest of your design scheme.

# Essentials

Essential lodges are at the heart of a range of storage products that no office can function without. The range is simple, straightforward and comes in a specific range of sizes and colors.

These lodges provide affordable, high quality, functional and secure personal storage.

Lodge units can sit alongside other products from the Essentials range, to create multi-functional storage clusters.

With multiple height options available, this product has the ability to provide and support collaborative working surfaces.
